Toronto retro-rock outfit [Zeus](#) has shared the lead single from its upcoming sophomore LP, *Busting Visions*, due out March 27th via Arts & Crafts. Whereas the LP's first track to surface (“*Are You Gonna’ Waste My Time?*”) was more intricate and grandiose, “Anything You Want Dear” is a straight-forward blast of call-and-response pop-rock with a huge funk edge. Stream it below.

“The song was spawned from a guitar hook that had been kicking around in my brain for at least a couple of years,” frontman Mike O’Brien recently told *Rolling Stone*. “I was inspired during the recording sessions for *Busting Visions* to pull it out and rework it. A later arrival to the record that somehow summed up a lot of what we had been working on.”
