Canadian indie band Zeus will release their second album, *Busting Visions*, on March 27th. The album's second single is the upbeat, call-and-response-fueled "Anything You Want Dear," which singer Mike O'Brien says was a late addition to *Busting Visions*.

"The song was spawned from a guitar hook that had been kicking around in my brain for at least a couple of years. I was inspired during the recording sessions for *Busting Visions* to pull it out and rework it. It's a great representation of the talents of all four Zeusmen," he says. "Lots of harmony singing and call-and-response vocals, dueling guitar licks, a killer bass line that sometimes serves as a lead and some killer drum fills to boot. A later arrival to the record that somehow summed up a lot of what we had been working on."

Song Stories

“Crazy Train”

Ozzy Osbourne | 1981

"Crazy Train" is the song that not only introduced Ozzy Osbourne as a solo artist but also

introduced the world to guitar shredder Randy Rhoads. But according to original Ozzy Osbourne Band bassist Bob Daisley, he was the brains behind the tune, not the Prince of Darkness. "The title was mine and 99% of the lyrics were mine," Daisley boasted. "I think a word or two came from Ozzy." With lyrics suggesting that we all oughta get along, "Crazy Train" is one of Osbourne's most covered solo songs, including unexpected renditions by the likes of Pat Boone and the Blue Man Group.
