Rock 'n' Roll Call: Zeus - Busting Visions

The new one from Zeus is "[Busting Visions](#)" and it's on [Arts & Crafts Records](#). Why not start on top and eliminate all the boring steps beginning with dude and ending on high with the master of Mount Olympus. This is a brilliant Toronto rock band full of virtuosos just showing off - every song is different - they go from quiet to loud, as they shift gears effortlessly and painlessly, sometimes channeling Queen at their most bombastic and theatrical and you'll love Neil Quin's vocals and the controlled but mind bending guitar action. So much for the sophomore jinx - it's only March but this is gonna be one of the best of 2012.

Rockin' Roll Call

Bill Locey reviews music for the Ventura County Star, when he isn't reenacting the history of this great nation or teaching it to incarcerated youth. He is the tall guy lurking in the back of all the local rock shows.
